RE: Churchill Container - Lenexa

Authorization Status: Full Authorization

Expiration: December 31, 2022

Dear Heather,

FOR UPGRADE TO FULL AUTHORIZATION:

Based on the outcome of your compliance audit conducted on September 19, 2019 and completion of your Corrective Action Plan, the Coca-Cola North American Group hereby grants a FULL AUTHORIZATION to Churchill Container, LLC to produce and distribute PP cups from the Lenexa, KS facility to Coca-Cola production facilities. This level of authorization will remain in effect until the date noted above, but may be modified or revoked at any time, based on quality or service issues with Coca-Cola bottler customers.

Another Compliance Audit will be conducted at the conclusion of the current authorization period to re-evaluate your status. Should the results be acceptable, your authorization will be extended.

Sincerely,
