ABOUT US

Churchill Container designs and produces rigid plastic cups and containers for clients who value branded package design as a marketing tool. Since 1980, we've been helping promote brands and increase revenue with programs designed to drive repeat business. Our killer in-house art department is the best in the business and our single Midwest production facility enables us to provide consistent quality control and efficient tracking of orders. We offer an incredible array of options to raise the perceived value of any food or beverage product.

SAFETY

Our highest priority is the safety of our employees, visitors and products.

QUALITY

Our meticulous quality team ensures that no products leave our building that aren't up to standard.

SERVICE

Our customer service department is readily available to answer any questions or concerns you may have.

DESIGN

Our talented in-house graphics team creates designs that are unique and memorable.

Churchill Container is a Safe Quality Food Level 2 certified facility. Level 2 is a certified Hazard Analysis Critical Control Point food safety plan that is benchmarked by the Global Food Safety Initiative (GFSI).
