# Churchill CONTAINER

## ABOUT US

Churchill Container designs and produces rigid plastic cups and containers for clients who value branded package design as a marketing tool. Since 1980, we've been helping promote brands and increase revenue with programs designed to drive repeat business. Our talented in-house art department is the best in the business and our single Midwest production facility enables us to provide consistent quality control and track orders efficiently. We offer a wide array of options to raise the perceived value of any food or beverage product.

### SAFETY

Our highest priority is the safety of our employees, visitors and products.

### QUALITY

Our meticulous quality team ensures that no products leave our building that aren't up to standard.

### SERVICE

Our customer service department is readily available to answer any questions or concerns you may have.

### DESIGN

Our talented in-house graphics team creates designs that are unique and memorable.

### GSA MEMBER

We are a proud member of the Green Sports Alliance, the most influential driver of environmental and social responsibility across the sports and entertainment industry.

### SAFE QUALTY FOOD

Churchill Container is a Safe Quality Food Level 2 certified facility. Level 2 is a certified Hazard Analysis Critical Control Point food safety plan that is benchmarked by the Global Food Safety Initiative (GFSI).

# SUSTAINABILITY

### WHY REUSABLE?

Reusing cups reduces their environmental impact. Our products can be reused hundreds of times, and are also easy to recycle. We can even make new reusable cups out of old ones!

**RECYCLABLE / REUSABLE / COLLECTIBLE / SUSTAINABLE**

### WHY POLYPROPYLENE?

The wide use and versatility of PP makes it ideal for recycling. It's also less energy intensive than recycling many other materials like PET or Aluminum, and the same PP can be used and recycled many times over.

# SUSTAINABILITY PARTNERS

Put your reusable cup to work by using it to fund ocean cleanup efforts around the world.

**PureZero™**  
The first zero plastic waste program for sports, hospitality, schools and offices. Turning plastic waste into a sustainable material.

## IML CUPS

In-mold labeling takes the traditional reusable cup to a whole new level with durable, full-cover, photo-quality decoration. IML allows for unique features such as inside print, ultra-clear resin, metallic foil, and custom colors to set products apart.

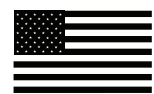

### REUSABLE & RECYCLABLE

Top shelf dishwasher safe and souvenir quality for multiple use until recycled.

### DURABLE

Thicker side walls make for a more durable cup.

### MADE IN USA

Manufactured in our Lenexa, Kansas facility.

### SPECIALTY LABELS

IML allows for unique label types like inside print, metallic, satin, thermochromic, and more!

### STUNNING GRAPHICS

Decoration from top to bottom in the highest quality.

### VARIABLE DATA

Unique text and codes on every container.

Add a unique way of serving alcoholic beverages.

## SPECIALTY RESIN

### CUSTOM COLORS

Custom color options allow us to match your brands exact Pantone.

### COLOR CHANGE

Activated by temperature, color change resin is sure to catch attention.

### GLOW-IN-THE-DARK

Illuminate your concession stand with our glow-in-the-dark cups, offering heightened visibility and an unforgettable experience.

## SPECIALTY INKS

### METALLIC

Metallic ink is a great option for making your product and brand shine.

### COLOR CHANGE

Activated by temperature, color change ink is sure to catch attention.

## SPECIALTY LABELS

### CAVITATED

Also known as orange peel, cavitated labels are a great textured and traditional option.

### CLEAR GLOSSY

With incredible clarity, clear glossy labels are great for showing off beverages.

### INSIDE PRINT

Inside print allows for double the print space and adds a fun element of surprise when the drink is consumed.

### METALLIC

Metallic labels are a great option for making your product and brand shine.

### CHROME

Even shinier than metallic, chrome labels have a mirror-like effect.

### PRISMATIC

Opting for a prismatic label will elevate your design with rainbow-like silver patterns.

### SATIN

Smooth to the touch, satin labels are an excellent choice for elevating perceived value.

### IRIDESCENT

Appearing differently based off cup color and visual perspective, iridescent labels show off a spectrum of colors.
